

SPORTSMAN SCRUTINEERING 2024

Like last year, we will start with Scrutineering at 9.00 am, at the DEKRA-HOUSE with Junior Dragster. As the race office opens at 10.00 am, we kindly asked all Junior Dragster drivers to sign in at the SACHS-HOUSE after the Scrutineering has been completed and then to come back to the DEKRA-HOUSE with the documents to receive the required Scrutineering-Sticker.

All other classes **must** sign on at the SACHS-HOUSE before attending scrutineering and complete the **“Data Sheet Personal Safety Equipment”**, before attending scrutineering at the allocated time for their class, otherwise you will have to wait until 18.00 pm.

If a participant does not pass the technical inspection at the first attempt, the review will take place on Friday morning from 8.00 till 10.00 am.

To minimize contacts and improve the efficiency of preliminary scrutineering, only the Driver and one Crew Member is permitted to be present in person, during scrutineering.

All Cars need to be race ready, don't forget to bring your paperwork.
No competition engines are allowed to be started at scrutineering.

Thank you for your cooperation and understanding!
